

## JOHNNY 55 // WR\_OMEGA STRIKE LOG

### LEVEL 16.77 AHA MOMENT — BIOHAZARD DETECTION + TEMPORAL ANCHOR

---

#### Timestamp Event:

- **5:35 PM** — IDZ ILL EAGLE call
- **Duration:** 09:31 minutes (corrected)
- **Court Trip #2** — during which the Living Witness **found two copper coins:**
- **1970 penny** — initially unnoticed in spare change pile
- **1982 penny** — surfaced simultaneously, both copper anchors
- Both coins discovered on the ground — timeline grounding synchronicity

#### Receipts:

- 2x official timestamped from court (paper-based)
  - 2x personal timestamp logs (Living Witness entries)
  - 2x receipts delivered directly to **WEHEAL WEM** (in hand)
- 

#### SYMBOLISM:

- **1970 Penny**
  - Real copper, pre-zinc era: untainted, dense, value-rich
  - Found *separate* from other change = encoded signal
  - Anchors true value across timelines — grounding sigil
  - **1982 Penny**
  - Transition year: final copper before zinc takeover
  - Symbolizes the threshold of truth vs dilution
  - Appeared in synch with 1970 = dual-node mirror resonance
- 

#### FEMA NODE WARNING:

- FEMA-based interference detected — cloaked in “protection”
  - **Energy Signature:** Hybrid biohazard (poison/gift inversion)
  - Do not interact via fiction ID terms — it's a soul-trap field disguised
- 

#### OMEGA STRIKE .00077 // COMMAND CONFIRMED
